Aircon Coil Cleaner (Acid)

KEVLON

Kevlon™ **Aircon Coil Cleaner (Acid)** is a unique blend of heavy acids, surfactants and inhibitors that effectively dissolves and removes heavy dirt, grease, slime and scale deposits from light and heavy refrigeration and air conditioning unit components such as condensers and evaporators. It is a perfect replacement for raw acids such as muriatic and sulfuric.

Application

Turn off unit to be cleaned and hose down to cool fins. Start application from top of the equipment to be cleaned. Allow the chemical to penetrate the surface for 5-10 minutes. Flush and thoroughly rinse with clean water. Repeat application if necessary.

Benefits

- Safe for aluminum fins and metals
- Fast acting, quickly dissolves grease, grime and industrial fallout impurities
- Economical, can be diluted up to 5 parts
- Energy saver

Typical Physical Properties

Color
Blue

Odor
Mint Apple

pH
1.0 - 3.0

Specific Gravity
1.0 - 1.3

Solubility
Insoluble in Water

Form
Liquid

Available in the following packaging:

1-Liter Bottle / 4-Liter Gallon / 20-Liter Pail / 400-Liter Drum

Our engineers and representatives are always available to provide the necessary assistance to satisfy your requirements.
