Gear Oil ISO VG 320

MARKEM
Special Chemicals & Lubricants

Markem™ **Gear Oil ISO VG 320** is blended with high-quality mineral base oil with a high viscosity index and high-performance additive. It is suitable for the lubrication of reduction transmission and gear transmission devices.

Application

Markem Gear Oil ISO VG 320 is suitable for the lubrication of closed worm gear transmissions like gear driving machines of passenger and service lifts.

Benefits

- Good extreme pressure and anti-wear performance, reduction wear pairs
- Good oxidation stability, reducing damage to steel, copper, and sealing material
- Improves transmission efficiency
