High-Temperature Grease NLGI-1

MARKEM
Special Chemicals & Lubricants

Markem™ **High-Temperature Grease NLGI-1** is a high-temperature grease made with an inorganic thickener and heavy paraffinic base oil. It is designed for the lubrication of plain and rolling contact bearings operating at high temperatures. It is water-resistant and has good corrosion-protective properties.

Benefits

- Longer bearing service life
- Less equipment downtime

Typical Physical Properties

NLGI Grade
1

Color
Red

Odor
Odorless

Worked Penetration @ 25°C
300 - 350

Our engineers and representatives are always available to provide the necessary assistance to satisfy your requirements.
