Waterless Hand Cleaner

KEVLON

Kevlon™ **Waterless Hand Cleaner** is a highly concentrated and gel type with non-residual compound for fast economical cleaning of soiled, oily dirty and greased hands. Its fast-acting detergent is very effective but does not harm even the most delicate hand. It leaves a pleasant scent after use.

Application

Pour small amount of Waterless Hand Cleaner into hands and works into a rich foamy lather. Rinse afterwards with water. It is often used in home, institutional establishments as well as laboratories.

Benefits

- Gentle and effective – no damage or irritation to skin
- Contains Protein – help prevent drying cracking and peeling of skin
- Economical because a small amount is enough
- Biodegradable, non-toxic and non-flammable
- Safe to use and harmless to skin
- Quickly removes dirt and grease from hands
- Not harmful to skin with antibacterial properties
